ICCD is a Global
Commercialization **Brokerage**
Program That Builds Bridges
Between Investors and
Entrepreneurs and Provides
Consultancy on Issues That
Entrepreneurs Need While
Doing So.

THE PROBLEM AND THE STARTING POINT OF THE PROJECT

- As we all know, commercialization & licensing of initiatives & innovations resulting from great efforts is the general problem of entrepreneurs. The commercialization & licensing negotiations, which are carried out in the internal dynamics of each country, enter a vicious circle after a certain period of time and eventually become blocked.

THE MAIN RESULT TARGETED WITH THE PROJECT

- Presenting global investor networks that entrepreneurs have difficulty reaching and increasing their chances of commercialization.
