

IIS MEMBERSHIP INDIVIDUAL REQUEST

I....., according to the enactment established by the Executive Committee of the International Federation of Inventors' Association, giving the title "IFIA Innovation Standard", IIS, to all of the qualified inventors, innovators, startups, manufactures, and companies around the world, hereby request to submit my documents and application for review and certification to IFIA's office in Switzerland. I am also aware that checking and examining the documents and the issuance of this certificate is a decision made by IFIA's head administration, and the office located in my country is not involved. Hence, if there were opposition to my request, IFIA's agency in my country would not be responsible for any objection.

Applicant / Name and Surname:

Passport Number:

Nationality:

Email Address:

Phone Number:

Date:

Signature:

Term and conditions:

- The applicant must send a YouTube Video link to explain the innovation. Plus, the applicant should attach their curriculum vitae to the submitted documents and send them to standard@ifia.com
- After the evaluations, IFIA issues the standard for the innovation.
- The validity period of this standard is 24 months.
- An innovation can apply for the standard certificate only once. If the jury did not accept the submission for whatever reason, the innovator must accept it.
- The evaluation takes two to four weeks, and IFIA will inform the applicant through email.
- Receiving this standard does not give a green light for production for the invention. In order to produce the invention, it is necessary to operate under the laws of the country of production.

Please note that in order to obtain the certificate, you must accept the criteria and the terms and conditions. Plus, the payment receipt of membership should be attached to this request.
